- Package dimensions: 15x15x10
- Product weight: 18 LB 6.82 OZ

Get 260 servings to sustain an adult or child through longer-term emergencies. This kit combines protein, carbs, vegetables, and fruit to make sensible, nutritious meal options.

With 14 food varieties to enjoy, employers will have peace-of-mind that the workforce will be able to avoid the distress of empty grocery shelves. Organizations can plan to be self-reliant through emergencies and disasters by investing in food as insurance.

According to FEMA's National Risk Index, more than 850 U.S. counties are at risk of major fires, floods, hurricanes, tornados, and snowstorms. Disruptions to businesses in those areas are inevitable. Make Secure Foods a part of your resilience strategy to ensure that teams stay strong and able to support business from disaster to recovery.

How many people will this feed and for how long?

This kit will provide one person with 2460 calories and 67 grams of protein each and every day!
